

# For sale:

Another quality build, by a professional builder, Ron's Toy Store Ltd.

- A 2000 Lamborghini Diablo Roadster VT replica, finished off in Lambo white base coat, clear coat, and polished to a mirror finish.
- Interior finished off in beautiful lipstick red leather, matching leatherette, and black French stitching throughout as in original.
- Attention to fit and finish, and quality detail shows throughout.
- Is as clean and painted underneath as on top.
- Check the gaps on all the panels: doors, hood, trunk, etc. Many hours spent on this one to make it perfect.
- Doors are perfect, open and closing are perfect, perfectly balanced gas shocks made for these doors.
- Any pieces needed for this car in the future can easily be purchased by the previous owner, Ron.
- This car is 100% completely finished, and needs nothing. Everything works perfectly, this is a brand new conversion.
- The exhaust sound is customized to sound like the original with a throaty sound.
- Sounds and looks great, and is 100% reliable.

A list of some of the accessories this car comes with are as follows:

- \*Alpine AM/FM CD/DVD 7" touch screen player.
- \*Two 7" sun visor monitors.
- \*500-watt amplifier.
- \*Two 10" Pioneer subwoofers mounted in subwoofer boxes behind the console seats.
- \*18" Roadster three-piece bolt together rims, polished with painted centers, as in original.
- \*Michelin 18" tires.
- \*Lambo floor mats and headrests.
- \*Many original parts used.
- \*Four-wheel power disc brakes with 13" cross drilled rotors and four piston Brembo calipers on all four corners.
- \*Koni coil-over adjustable springs and shocks on rear.
- \*Front airbag suspension for a 2" lift if needed to get over those curbs.
- \*Lots of ground clearance, 5" at the front bumper before the airlift goes up.
- \*Dolly wheels under front bumper for curbs.
- \*V-12 engine cover package over top of the low mileage V-6, 2.8 L, strong motor, which is fully serviced.
- \*See-through engine deck lid, when closed, to see the V-12 engine cover underneath, with red lights on for night-time viewing.
- \*Transmission is 5-speed, with brand new clutch.
- \*Many new parts installed when assembled, such as heater core, A/C compressor, tune-up, oils changed, filters, alternator, belts, battery, radiator, condenser, two front radiator fans, etc.

- \*Shifter gate works perfectly in every gear, very easy to shift.
- \*Proper new D.O.T. curved glass windshield and curved door glass, shaded and tinted.
- \*Power windows work perfect up and down. When they reach the top, it matches the roof rubber for a perfect seal.
- \*Stretched chassis has full-tube frame for the proper length of 104" wheel base.
- \*Air conditioning works perfect, freshly recharged. Heater works perfect.
- \*Built on a 1987 Pontiac Fiero, stretched chassis, clean title, no accidents.
- \*Trunk under rear wing.

This car is D.O.T. and E.P.A. approved and can ship anywhere worldwide. I will take care of the loading of the car at my end. Customer will pay all shipping expenses.

When you purchase this car, there is almost no maintenance or repairs. Tune-up is under \$100.00. Oil change under \$50.00. If it ever needs another clutch in the future, parts and labor are about \$1200.00. For the original car that is about \$15,000.00. Any mechanical repair shop can easily do any repairs to this car. On the original car, you'd need to take it to a Lamborghini dealership with all the real expenses. Insurance is about \$100.00 a month. Can be used as a dependable daily driver.

Price: \$85,000.00 USD.

No more expenses past this.

Park this exotic anywhere, even beside an original, and nobody can tell the difference, except for the owner.

All the cars Ron has built have all had positive feedback. Ron has had no negative feedback on any of the cars that he's ever built. That's a guarantee. This is an awesome car, and take advantage of it before it's gone!
